Who We Are...?

AVR Enterprises Established in the year 2004, we are a venerable organization occupied in manufacturing, supplying, wholesaling and exporting an unparalleled gamut of Multi-Purpose Tapes. This array of products is precisely manufactured by our professionals using premium quality raw material and modern machines that are coupled with latest techniques. Our products can be easily availed in different specifications and at a very reasonable price.

AVR Enterprises has become a well known name in the market for Manufacturing , Trading , importing & exporting a wide range of adhesive tapes at cost effective prices to ensure the total quality product & complete satisfaction of the customer across the world wide.

AVR Enterprises has a state of the art factory which is upgraded in a constant manner for the production of highest quality products that meets all the specifications and requirement of our customers. AVR Enterprises has always selected a service oriented approach with a commitment to deliver highest quality products, combined with a competitive pricing plan to meet the demands of our customers.

What We Offer..?

- BOPP Tapes
- Printed Tapes
- Colour Tapes
- Tissue Tapes
- Masking Tape
- Foam Tape
- Anti Skid Tapes
- Floor Marking Tape
- PVC Insulation Tapes
- Teflon Tape
- Polyester Tapes
- Retro Reflective Tape
- Duct / Book Binding Tapes
- Tempered Tape / Security Tape
- Surface Protection Film
- Acrylic Tape (VHB Tape)
- Cloth / Plaster Tape
- Filament Tape
- Bag sealing tapes
- Aluminium Foil Tape
- Stretch Film
- Shrink Film
- Strapping Roll
- Bubble Sheet
- Zip Lock Bag
- Poly Bag

BOPP Colour Tape

Color tape can be used for general purpose carton sealing where colors for coding and / or identification are necessary. Combines high tensile strength with specially formulated, aggressive water base acrylic adhesive. This product has an excellent bond to most surfaces, with good moisture resistance. Recommended Uses : Ideal for identification and color coding where printability is not required. Available in many colors.

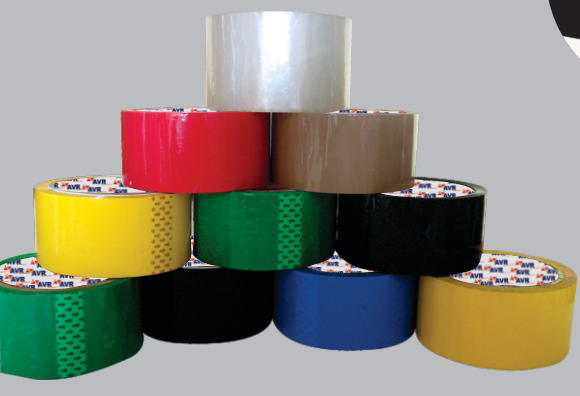

BOPP Printed Tape

Custom Printed Tape can replace costly printed cartons, reduce pilfering and tampering, and turn your cartons into highly visual promotional tools. AVR tapes in-house printers can print your company logo, promotional message or handling instructions on carton sealing tape, in a variety of stock tape colors and inks. Printed tape spotlights your company, product or logo from the time the carton leaves your plant until it reaches the consumer.

BOPP Packaging Tapes

Manufactured using best and high grade quality BOPP Film and Adhesive with advanced technology in compliance with international standards. It fits perfectly in the tape dispenser and can be used for packing, binding, sealings and much more.

Tissue Tapes (Hotmelt / Solvent)

Tissue Tapes are lightweight tissues coated with a acrylic based adhesive. Similar to double sided paper products, double sided tissue provides conformability and more stability than adhesive transfer tapes. Double Sided Tissue is recommended for mounting light objects and may be used to laminate cork, paper, plastic, and textiles.

AVR Tissue Tapes are made from non woven-tissue paper coated on both sides with acrylic adhesive or hot melt rubber adhesive and laminated with release paper. Tissue Tapes are made with wide range of adhesives to get different adhesion levels and applications.

Masking Tape

AVR Security tapes are innovative, premium quality void tapes that offer protection from pilferage and theft during storage and/or transit till the time it reaches the consignee. Any kind of tempering or unauthorized opening of consignment of packaging can easily be identified by use of AVR Security Tapes.

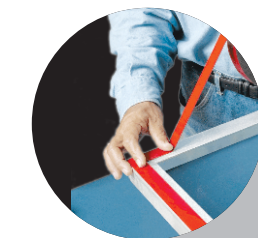

- Available in Red and Blue color with various Sizes.
- Once affixed, it can not be reused. If removed forcibly or otherwise, it would leave the surface printed with words, 'opened void', all over the surface wherever it was pasted.
- This Tape makes the envelope, on which it was pasted, truly tamper-proof. Because this tape can not be re-pasted.
- Best for security purpose.

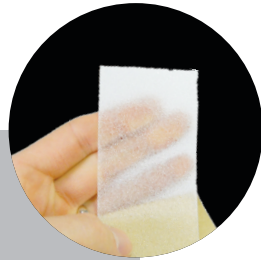

Foam Tape

Pres-On foam tapes and gaskets provide excellent bonding and barrier properties for gasketing, sealing, cushioning, mounting and insulating applications in a wide range of industries including HVAC, Glass, Window & Door, RV & Marine, Lighting, and more.

Double-sided tape is any pressure-sensitive tape that is coated with adhesive on both sides. It is designed to stick two surfaces together, often in a way which is not visible in the end product, due to it being in between the objects rather than overlaying them.

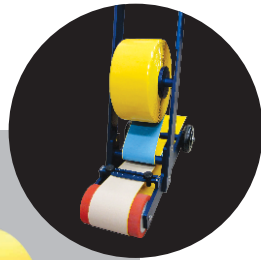

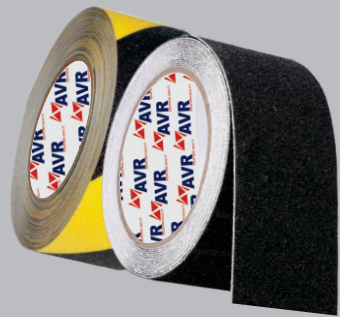

Anti Skid Tapes

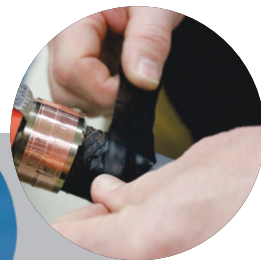

Transparent, Black and Yellow & Black

- It is easily installed in seconds to any smooth, clean, dry and oil free surface.
- AVR anti skid tape minimise the risk of slip or skid on the smooth surface
- Widely used on staircase to minimise the risk of slip
- Enhances personal safety - prevents slips and falls at home
- Easy to apply - Superior adhesive

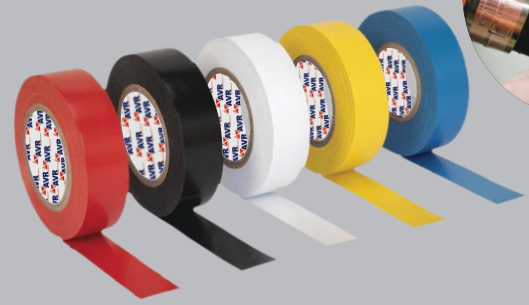

Floor Marking Tape

- AVR Floor Marking Tape are made of heavy duty polyester or vinyl that resists oil, moisture, solvents and scuffing - and can even withstand forklift traffic
- Excellent/exibility and good adhesion on uneven shapes and irregular surfaces
- High bonding strength
- Exhibits excellent adhesion, tack and good cohesion strength
- Rubber based adhesive for high adhesion application
- Available in Red, Red/White, Yellow, Yellow/Black, Green, Green/White, Blue, Black, White.

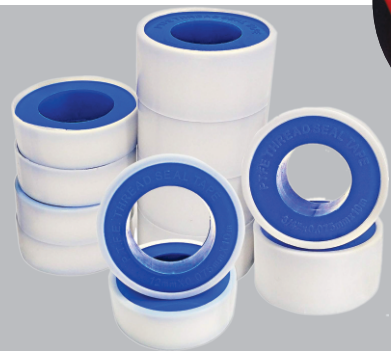

PVC Insulation Tapes

- AVR PVC Electrical tapes are number one in quality and comes with full size with 130 micron thickness.
- Our PVC in is ore retardant with backing material which can resist higher voltage and higher temperature.
- Suitable for use in all kinds of electrical and mechanical applications, such as cable insulation, wire bundling, and reinforcing.
- Extremely/flexible with good adhesion and conform ability.
- Available in various colors & Size.

Teflon Tape

Industrial standard quality AVR tape, Teflon tape will not harden or crack anytime, elastic less sticky on the fingers and easy to remove. Secure tape thread will helps prevent leaks on pipes and plumbing. Suitable for home/ commercial and industrial uses, good for gas, drinking water pipes and garden hose faucets.

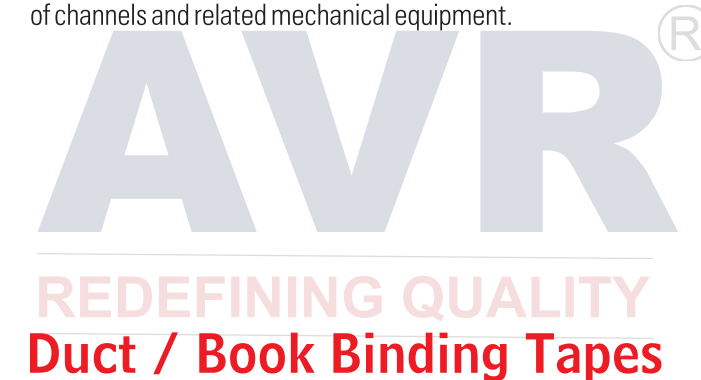

Polyester Tapes

- Self-adhesive tape consisting of a PET backing and a modified acrylic adhesive with transparent Salmon Pink colour PE Liner.
- Excellent resistance to demanding environmental.
- High Bond Tape used in many applications required high tensile strength and long term ageing
- This tape provides a strong rigid bond for the most demanding external applications.
- It is excellent for bonding rigid extrusions and is ideal for applications requiring an almost transparent finish.
- Most suitable for fixing of reflection foil to LCD frame, splicing of thin plastic films, flex to flex joining.

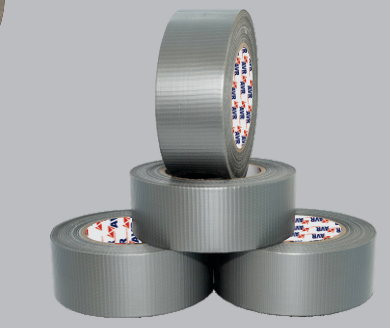

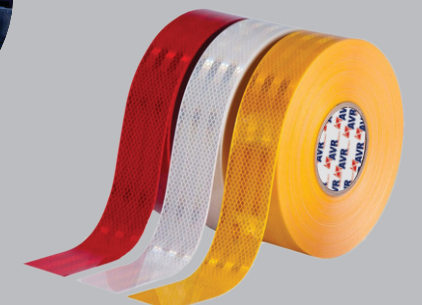

Retro Reflective Tape

A Retro Reflective Tape plays a warning and reminder role, mainly for the road transport facilities, vehicles, bikes, bicycles, cars, motorcycles, ships, fairways, stage, a variety of channels and related mechanical equipment.

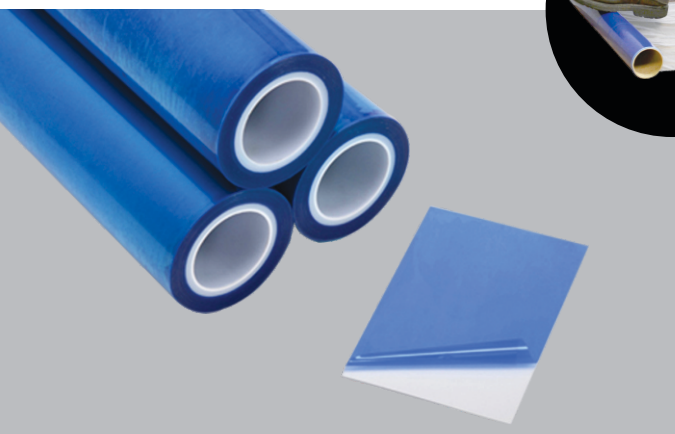

- Water Resistance tape
- Sealing heating and ventilation (HVAC) ducts
- Almost Can Be Used for Multi Purpose Applications.
- Useful for sealing heating and cooling ducts.
- Excellent for repair, crafting and imaginative projects. High performance strength and adhesion characteristics

Tempered Tape / Security Tape

The Tamper Evident Tapes are utilized while packing different industrial products and offering superior authentication to brands and products. This tape is designed from the finest grade materials and advanced techniques, in order to improvise the tamper proofing and reduce the time consumption in packaging bulk quantity. The adhesive tapes provide protection against unauthorized access to product. These tapes are excellent choice for sealing or packing a container.

Surface Protection Film

- High Gauge 23 Micron
- 300 % Saving on Packing Cost Compared to BOPP Tapes
- No Residue on removal
- Manufactured from Pure Virgin Material
- Recyclable
- Available in LLDPE, PVC & Food grade.
- Wood Guard
- Tile Guard
- Marble
- Aluminium/ Steel

Acrylic Tape (VHB Tape)

Easy To Assemble, No Drilling, Riveting, Welding Or Screw Fastening.

Seals And Bonds, Vibration And Fatigue Resistant Trim Attachment, Laminated Glass, Acrylic, Plexiglass And Lexan

Acrylic Foam Glazing Tape Is Typically Used To Seal The Area Between The Glass Panel And Window Sash Or Door Frame To Prevent Water And Air Leaks.

Bonds Dissimilar Materials.

Product Application : - Structure Glazing

Cloth / Plaster Tape

Cloth tape is an adhesive tape made with a cloth backing to make it durable and flexible. The tape is useful for various purposes such as bandages, sealing walls, electrical and plumbing tasks and so on. Cloth tapes are easily available in specialty and hardware stores.

Cloth tape is an adhesive tape made with a cloth backing to make it durable and flexible. The tape is useful for various purposes such as bandages, sealing walls, electrical and plumbing tasks and so on. Cloth tapes are easily available in specialty and hardware stores. While most cloth tapes come with adhesives, pressure-sensitive cloth tapes are also available which are used for special purposes without leaving a trace of any glue residue while holding the things together.

Filament Tape (Cross / Mono)

A Self adhesive Tape which has been specially designed for applications requiring a high breaking strength. This tape has a film backing and rubber adhesive. Woven glass/fibers reinforce the backing, making this product extremely strong when used for heavy packing where it can replace metal and polypropylene strapping to great advantage.

Application:

- For Packing of heavy weight cartoons
- For Palletizing
- For Strapping
- For Sealing of metal coils or pipe bundling.

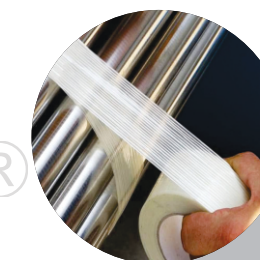

Bag sealing tapes

Spec: Regard polyester films as the material of original, one side coated with oil acrylic glue and another side coated with water acrylic glue, covered with silicon-coated HDPE films in the surface. We have the left or right glue with blank or printed for reference. Be applicable to different BOPP plastic bags and BOPP garment bags, Reusable, no peel off of adhesive, no residue.

Application:

- 1) Applicable to different BOPP plastic bags and BOPP garment bags.
- 2) Excellent adhesive performance.
- 3) Reusable, no peel off of adhesive, no residue.

Aluminium Foil Tape

- For general purpose seaming, patching and sealing.
- Highly Suitable for sealing off air conditioning and cool/warm air flow ducting.
- For sealing joints in ducting providing a flame retardant & vapor-proof barrier.
- Excellent adhesion on dry/clean surfaces on metal and other surfaces.
- These Foil Tapes can be applied for both high temperature/low temperatures.
- Sizes available from 25mm/50mm/75mm/100 mm in width to customized length.
- Available from 25 micron, 30 micron, 40 micron, 50 micron and 100 micron. in thickness.
- Product Application: - HVAC duct wrap, protective masking and electroplating.

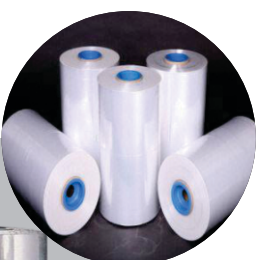

Stretch Film

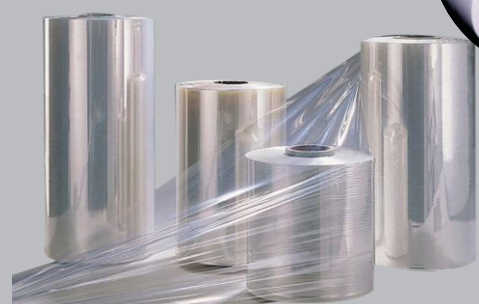

AVR Security tapes are innovative, premium quality void tapes that offer protection from pilferage and theft during storage and/or transit till the time it reaches the consignee. Any kind of tempering or unauthorized opening of consignment of packaging can easily be identified by use of AVR Security Tapes.

- Available in Red and Blue color with various Sizes.
- Once affixed, it can not be reused. If removed forcibly or otherwise, it would leave the surface printed with words, 'opened void', all over the surface wherever it was pasted.
- This Tape makes the envelope, on which it was pasted, truly tamper-proof. Because this tape can not be re-pasted.
- Best for security purpose.

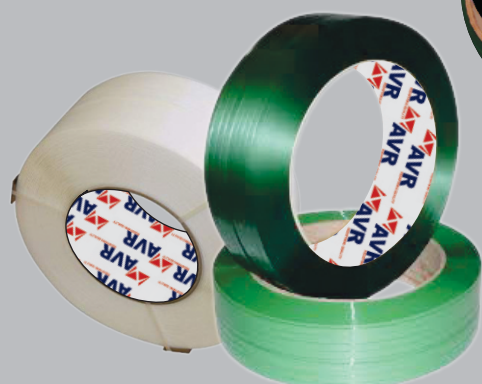

Shrink Film (Printing Available)

Our organization is actively engaged in manufacturing and supplying of Shrink Film that is used for packing cartons, boxes, beverage cans and pallet loads. The provided wrap film is designed using the finest quality raw material and sophisticated technology in line with set industry standards. Moreover, our quality controllers rigorously test this wrap film on variegated quality norms. Clients can avail this wrap film on market leading prices.

Strapping Roll (HD/PP/PET)

8 in x 8 in core machine grade polypropylene strapping is the perfect choice for machine applications. Meeting the specifications of many strapping machine manufacturers, it features distinct strength and stretch capabilities. Strapping is embossed for reduced splitting, greater flexibility and better seal joint efficiency in heat seal machines. Our high quality polypropylene strapping works with all tabletop strapping machines. Poly Strapping banding is excellent for bundling boxes, cut paper, magazines and newspapers. Core Size: 8 x 8" Average Break Strength: 300 lbs. Weight: 33 lbs. Length: 18000 Ft (Massive)

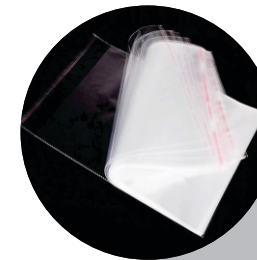

Bubble Sheet

Bubble rolls 3/16" small bubbles perforated
This is a must have item to go with your moving and packing supplies
Perforated every 12"
Small bubbles 3/16" perforated every 12", protect fragile items from damage while moving

Zip Lock Bag

With extensive awareness and knowhow in this domain, we are indulged in providing a supreme quality gamut of Roof Sealing Tape. Personnel make use optimal grade basic material and pioneering machinery while designing these tapes. Additionally, these are extensively valued all over the industry for their multiple merits comprising reliability and fine finish. Features : Optimum adhesiveness Elevated durability Water proof nature

Poly Bag (BOPP / LD / PP / HM)

With extensive awareness and knowhow in this domain, we are indulged in providing a supreme quality gamut of Roof Sealing Tape. Personnel make use optimal grade basic material and pioneering machinery while designing these tapes. Additionally, these are extensively valued all over the industry for their multiple merits comprising reliability and fine finish. Features : Optimum adhesiveness Elevated durability Water proof nature
